

## **Agenda** **Charging Infrastructure**

### **1. Introduction**

### **2. Charging Infrastructure: Practical Considerations**

- Avoiding Surprises
- Power Supply & Hardware
- Redundancy

### **3. Choosing the Right Charging Technology for Your Fleet**

- Charger Selection
- Deployment
- Optimization

### **4. Simplifying Software and System Integration**

- Compatibility
- Fleet Integration
- Charger & System Monitoring & Maintenance

### **5. Financing, Grants, and Ownership Models**

### **6. Conclusion, Recap, & Recommendations**
