“The interest level to serve on our board of directors was most gratifying this year. Our bylaws indicate our Council is governed by a board of not less than 16 and not more than 25. With 28 people expressing interest, 3 extremely dedicated and qualified individuals were unable to join our board this year once votes were completed. I look forward to working with this year’s board, who come from diverse backgrounds and have many years of experience serving the Trucking Industry. These individuals will only help to make our Council and Industry stronger” stated PMTC President Mike Millian. “I congratulate this years Board, and I thank everyone who put their name forward to volunteer their time for the betterment of this great Industry. “

The Private Motor Truck Council of Canada is the only national association dedicated to the interests of private fleet operators. The Council works with governments on issues affecting private carriers and delivers information to its members through an extensive network of communications material, including

Private Motor Truck Council of Canada  
Association Canadienne du Camionnage d'Entreprise

educational seminars, newsletters, magazines, and electronic bulletins. PMTC's goals are to promote the safe and economic use of private trucking, to promote regulations that are beneficial to fleet operators, and to be a primary source of information for members.
